I recommend that this camper be registered for and admitted to the summer program at Loch Leven. I understand that the Camp and Conference Ministry is an integral part of the education ministry of the total church. Therefore, I will help this camper understand the purpose of church camp before he/she attends and will talk to him/her following camp to reflect on its events and meaning. If there are emotional, psychological, or family issues that might affect the camper and/or the camp, I will inform the Camp and Conference Committee and the Camp Directors, prior to the start of camp.

I will inform the driver(s) transporting campers from my congregation that they must sign campers in upon arrival and out upon departure.
