Did you know? 61% of children living at or below the poverty line have no books in their homes. 67% of American 4th graders read below grade level, setting them up for difficulty in school and in later life. This year's Mission Project is to provide new or gently used children's books to families around the state, helping to build proficiency, love of literature, and academic success.

Rev. Kelley Dick will be our keynote speaker this year! Workshops will include painting braces to correct club feet in infants, prayer techniques, meal prep hacks, Bible study, hiking, and more! More information will be provided after registration in your orientation packet. Hope to see you at this year's retreat!

All women are Disciples women!
